QUOTATION

TERMS & CONDITIONS FOR SALE

Responsibilities

- ▶ System design and construction documentation.
- ▶ Provision of all necessary signal cabling and associated cable management.
- ▶ Supply and installation of all equipment and materials in accordance with the manufacturer's specifications and any applicable regulations and codes. With the exception of equipment intended for portable use, all equipment shall be affixed permanently into place with all associated cabling labelled and where possible, concealed from view.
- ▶ At the completion of installation, commissioning of all equipment in accordance with the appropriate guidelines. Adjustment or modification of the systems as necessary so as to provide system performance conforming to the manufacturer's specifications and design intent.
- ▶ Commissioning, demonstration of the system performance in relation to each feature and function of the system prior to system handover.
- ▶ System handover provision of all operation manuals and as-built documentation including customised operation manuals.
- ▶ Project management, administration and co-ordination as reasonably required.

General

- ▶ All Prices are quoted in UAE DHIRAMS unless other wise mentioned.
- ▶ Prices are quoted only for the Supply and installation of the equipments in Dubai.
- ▶ Prices are quoted for the project as indicated above , and should not be applied to other on going projects or references
- ▶ Prices are quoted with the given project literature at the time of quoting. Elvis reserves the right to alter prices if the scope of work differs, or variations to the scope occur during the course of the project implementation.
- ▶ The site will be made available to Elvis as a safe working environment with all work areas clean and dust free to the reasonable satisfaction.
- ▶ Unless otherwise specifically stated, all site work shall be performed during business hours, being 0830 - 1730Hrs, unless otherwise agreed.
- ▶ The offer outlined herein does not include provision for any finance costs associated with retentions, performance bonds and /or bank guarantees.

Co-ordination Issues

- ▶ Elvis shall allow to co-ordinate and co-operate with the principal and other trades to ensure satisfactory work progress. Specifically, it should be noted that the offer outlined in this document does not include provision for items outlined below.
- ▶ Co-ordination in relation to these items will be required prior to commencement of the project.
- ▶ This Quotation does not include any provisions for Civil works such as cut-outs, formed and trimmed access panels and housings (in walls, ceilings and furniture), penetrations, chases and perforations (to ceiling and walls if required), Mechanical or structural supports, Joinery , Electrical conduits , containment, plumbing, cables, Cable pulling, installation of PA equipments, termination and Electrical power provision, LAN data voice cabling and associated reticulation and termination, required network infrastructure, Telephone and Internet Service connectivities etc that may be necessary for the proper implementation of the system . This is deemed to be under the scope of main contractor .Elvis however deems it necessary to be a part of this coordination.

Delivery & Installation

- ▶ All the equipment will be delivered to the site prior to delivery schedule or at the time of installation and on such terms as agreed between Elvis and the Principal at the time the order is placed.
- ▶ The Equipments, wherever addressed, will be delivered and installed within a pre-agreed period of the order being placed. Principal will make the site available to Elvis at a mutually agreeable time point before the addressee takes delivery of the site.
- ▶ Elvis shall use its reasonable endeavours to meet any date stated for delivery. In any event, Elvis will not be liable for any losses, cost, damages or expenses incurred by the Principal or any third party arising directly or indirectly out of any failure to meet any estimated delivery date.
- ▶ Within a maximum period of 3 months from the title handover of the site, Client will contact Elvis to arrange final commissioning and demonstration of the goods.
- ▶ If the Principal asked to connect any of the equipment other than the BOQ, or to revisit the site (other than for a repair during the guarantee period) this may be done at the Principal's sole discretion and an applicable charge will be levied.
- ▶ Title and risk in the goods shall pass to the Principal upon delivery of the goods.

QUOTATION

► The principle shall supply Elvis with adequate secure site storage for the duration of the work programme.
