

TESA Entry Systems

- ☐ Compatible with any P.M.S. system
- ☐ Internal modem available for immediate and remote software upgrade and locking plan modifications
- ☐ Low cost
- ☐ Easy to use
- ☐ Reads/writes mag-stripe cards on track # 3
- ☐ Reads/writes smart cards
- ☐ Battery back-up
- ☐ Keeps in non volatile memory all the hotel cards codes (as PC backup)
- ☐ Works with standard magnetic stripe cards
- ☐ Works with memory chip card and smart microprocessor cards
- ☐ Communication through screen (8 X 20 characters message display)
- ☐ Standard parallel printer
- ☐ Self-contained compact encoding/control station with new insertion technology (saves space at reception)
- ☐ Connection through cable CB22485 L
- ☐ Connects to a PC running HT28 Smart software through the Windistributor.
- ☐ Incorporates the "uninterrupted key supply" function, which maintains the terminal in operation, should the hotel PMS fail
- ☐ Possibility to work in up to 10 different languages (now English, Spanish, French standard) and able to be adapted to other languages if required.
- ☐ Incorporates 7 hot keys for the most frequently used functions
- ☐ 12 DC volt (AC/DC)
- ☐ Battery back-up
- ☐ Low coercitivity magnetic stripe cards
- ☐ Keeps record of the last 5.000 events
- ☐ Weight: 880 gr.
- ☐ Dimensions: 350 x 235 x 135 mm
13,7 x 9,2 x 5,3 -inches
- ☐ Power supply: 110 or 220 V (12 V DC)
- ☐ Requirements: CB-232 HHC
AC-DC converter
H2xCMDIW
CB 22485 L

Smart / Mag-Stripe Card Encoder

Onity Smart Card Encoders

The Onity Smart Card Encoders. Custom Program Keycards in Seconds.

The Onity HT28 Smart can work with both mag-stripe cards and Smart cards simultaneously.

The flexible three track capability allows for the programming of separate instructions for Onity electronic locking system, point of sale (POS) terminals, property management systems (PMS) and vending machines.

The encoder maintains a security copy of the information on the PC, retaining in its memory all the codes from all the cards issued, while incorporating Onity's exclusive fast and error-free keycard Insertion Technology.

Compatible with Onity HT28 Smart electronic locking system.
